Dixon, IL – The Illinois Department of Transportation announces today that construction work on River Drive/Third Avenue in Moline is nearing completion and the roadway will be open to traffic on Friday, June 12, 2015. The I-74 ramps to and from River Drive will also be opened as McCarthy Improvement Company is finishing the \$6.9 million project to reconstruct the roadway from 19th Street to 23rd Street. The intersection at 23rd Street, which is being reconstructed as part of the City of Moline project east on River Drive, will also be open to traffic at the same time.

Drivers should be alert for some lane closures as workers will be completing tree planting, seeding and other cleanup activities along the roadway for the next two weeks.

Please slow down and use extreme caution while driving through all work zones.
